EDUCATION

Bachelor of Science in Information Technology

- University of Southeastern Philippines
- Dean's Lister / Cum Laude 2020 - 2024

TVL Specialized in Computer System Servicing

- Davao City National High School
- TESDA Computer System Servicing NCII Passer 2018 - 2020

SKILLS

- Proficient in ReactJS, HTML, CSS, and TailwindCSS
- Skilled in video cutting, transitions, and effects
- Ability to create visually appealing graphics and layouts
- Experience in freelancing and managing client expectations
- Competent in troubleshooting, assembling, and repairing computers

PROFILE

As a fresh graduate with a Bachelor of Science in Information Technology majoring in Information Security from the University of Southeastern Philippines, I am seeking a career in IT where I can utilize my technical skills and enhance my capabilities. I aim to grow in the IT industry, continuously improving my skills and contributing to the success of the organization.

EXPERIENCE

Front-end Developer

- DSWD Dromic Division
Sep 2023 - Jan 2024

As an intern at DSWD DROMIC Division, I developed the front-end for their DROMIC monitoring system, which receives disaster report data from Region XI and visualizes the information for better analysis and response.

Front-end Developer / Graphics Designer

- Next BPO Solutions, Inc.
Jun 2023 - Aug 2023

As an intern at Next BPO Solutions Inc., I developed the front end for their Employee Leave Filing System, gaining proficiency in ReactJS and Tailwind CSS. Additionally, I designed the giveaway tote bag for their employees to celebrate their company anniversary.

Yearbook Staff - Layout Artist

- Davao City National High School
2019 - 2020

As a layout artist for the yearbook staff, I edited graphics for the cover, enhanced student pictures, and crafted the overall layout of the yearbook, ensuring a visually appealing and cohesive presentation of our school's memories.

Freelancing

- 2019 - Present

In my freelancing, I focus on video and photo editing for students, friends, and small businesses, enhancing their projects and promotional materials to high-quality standards. I also provide computer assembly, repair, troubleshooting, and OS installations, ensuring reliable technical support for diverse needs.
